

Log cabin in the Alps

The brief: The ultimate ski week away in the Italian Alps for a group of friends.

Our Solution: A week in a log cabin with spa tub at the 5-star Pragelato Resort where the famed Milky Way is the star attraction offering 400km of runs on the Italian – French border. Private transfers, lift passes, ski hire and gourmet dinners each night were included, plus access to the wonderful Daniela Steiner spa, with its mountain view pool.

Those all important extras:

- Private return transfers from Turin airport.
- Six days ski pass and ski hire.
- Entry to spa and pool.
- Dinner daily.
- Wine tasting to discover the fine red wines of Piedmont.
- A choice of ice driving or snow mobiling at dusk.

“Our log cabin took our breath away, a totally luxurious experience from start to finish!”
