

HONEYMOON IN SICILY

The brief: To organise a 11-day honeymoon in Sicily that combined the couple's passion for good food and eye-catching accommodation, with opportunities for discovery both on and off the beaten track.

Our Solution: A three-centre itinerary combining luxury pampering at the 5-star Kempinski spa hotel in south western Sicily, chilling out on the remote island of Pantelleria at the hip 4-star Pantelleria Dream in a junior suite with sea views, and a final night in the buzzing heart of Palermo.

Those all important extras:

- Complimentary skin treatments for two at the Kempinski.
- A personal itinerary with a range of excursion choices for each day.
- Wine tasting at award winning wine producers Planeta.
- Boat hire and snorkelling on Pantelleria.
- Car for self-drive exploration in the first half of the trip.
- Chauffeur transfers on Pantelleria and in Palermo.
- Upgrade to junior suite for last night.
- Dinner reservations and concierge service throughout.

"Breathtaking venues, could not have been more well organised"
