

70TH BIRTHDAY IN TUSCANY

The brief:

A private client celebrating their seventh birthday wanted to take close family to Tuscany for a few days of birthday treats. Up to 26 people were expected and one of the principal themes was to include the client's love of wine.

Our Solution:

We took over a former 18th century patrician town house in Tuscany. Tastes of Italy put together a detailed itinerary for four nights. This included walks, tasting menus at some of the best local restaurants and the all important wine tasting at vineyards including the award winning Tenuta di Ghizzano.

Those all important extras:

- Organisation of the birthday supper at the residence.
- A personal assistant for a day to facilitate excursions of our client's choice.
- Birthday cake with our compliments.
- Personalised wine labels on bottles for birthday supper.

"Just wanted to say how much we all enjoyed my birthday splash in Tuscany - it was truly fabulous. We are still getting plaudits from our family and friends. You certainly look after your clients very well."
