

CHRISTMAS IN TUSCANY

The brief: Private clients were looking to celebrate Christmas in Tuscany. They needed a winter villa suitable for a family of 14, including young children. They also wanted all Christmas day arrangements laid on.

Our Solution: We took them to Tenuta di Seripa, located on the coast of western Tuscany, on a private estate overlooking a nature reserve. The property is within striking distance of excellent vineyards and the Italian coast, presenting a varied choice of activities and excursions. Importantly it is very child friendly with all the facilities you might expect. A chef was on hand and a well stocked hamper ready for arrival. Wines were available to buy at the villa from a well-stocked cellar.

Those all important extras:

- Dinner with wine was included on arrival, compliments of Tastes of Italy.
- A shopping list was provided and goods bought in ready for the arrival.
- A decorated Christmas tree was provided compliments of Tastes of Italy.
- Father Christmas arrived with presents for the children on Christmas day.
- An Italian Christmas dinner was served.
- A wine tasting was organised at Bolgheri with Michele Satta.
- Car hire was arranged according to the different requirements of family members.

"Heartfelt thanks to you for organising our Christmas in Tuscany, from 14 satisfied customers. We will always remember it. Everything was wonderful: our hosts, the house, the food!"
