

CULINARY TOUR OF TUSCANY

The brief: To organise a week's culinary tour in Tuscany for clients of Los Angeles based cookery school [Chez Cherie](#).

Our Solution: A two-centre holiday, starting with two nights to get over the jet lag at a charming spa near Pienza before a private house party in the Pisan hills. Great meals together, three cooking lessons, a truffle hunt, helping in the olive harvest and visits to distinguished food and wine producers ensured a big hit with our Hollywood clients.

Those all important extras:

- Private driver and guide to accompany.
- Helping in the olive harvest.
- Truffle hunt.
- Visit to a historic pasta producer.
- Visit to pecorino producer.
- Cooking lesson with award winning chocolate maker.
- Cooking lesson with award winning chef to prepare foccaccia and boar.
- Cooking lesson on a vineyard to prepare Tuscan tapas.
- Two vineyard visits with lunch.
- Menu selection by Chez Cherie for the four lunches and four dinners included.

"The trip was great and exceeded our expectations. Your connections with the people and places of Tuscany are what made the trip so special."
