

CRACK THE DA VINCI CODE IN VENICE

The brief: To organise the office party for 30 staff and guests combining luxury accommodation, good food, entertainment, with an element of fun!

Our Solution: We created a two-night, three-day Venetian experience, themed to the Da Vinci code. Staying in the luxury 4-star Londra Palace, the trip included a masked gourmet gala dinner and a themed treasure hunt across Venice.

Those all important extras:

- Hand painted Venetian mask for each guest on their pillows on arrival.
- Coordination of first evening's entertainment for early and late arrivals.
- Corporate branded stationary for the treasure hunt.
- Guided tour of St. Mark's Square and gondola on Grand Canal.
- Private Christmas party on the island of Torcello with DJ and late opening.
- Private transfers with radar enabled boat (in case of fog).
- Rooms with view of the lagoon for key clients and personnel.
- Escorted from London by a Tastes of Italy Director.

"Many thanks again, I wanted to thank you for the fantastic job you have done. Everyone has had such a great time. I would not hesitate to use you again"
